Association of American Schools in Brazil (AASB)

AASB Athletics Constitution

RULES OF CONDUCT AND PROCEDURES

All AASB schools have mission statements that speak of high academic expectations and high expectations for character development and community building. We believe extra-curricular trips demand an increased layer of behavioral expectations and that the elements of risk are heightened for teachers, administrators, parents, students, and for the school due to the elevated risk inherent in taking several students off campus.

Diversity, Equity and Inclusion Statement

The Association of American Schools in Brazil (AASB) is committed to diversity, inclusion, and gender equity amongst its members, event participants, volunteers, and community.
